Enclosed is my annual December catalog of fine historical Americana at fixed prices. The items listed are offered at the prices quoted on a first-come, first-served basis. This catalog is a bit of a departure from my last few sales, as I have made an effort to keep the great majority of items under $500, with only 10% of the present offering priced at over $1000. I take great pride in offering the finest mail catalogs in the country. The variety and quality of the items for sale induces many first time customers to take part in my sales, even though they may not have done much buying by mail in the past. My reputation for integrity and fair dealings is known nationwide. I look forward to including you on my list of satisfied clients.

I would suggest that orders be placed by phone, since this catalog is being sent to over 5000 interested buyers. Phone orders may be placed anytime 24 hours a day. If my machine answers, please give your name, telephone number and the numbers and descriptions of the items you wish to purchase. I will return your call and confirm your order as soon as possible. You will very likely reach me in person whenever you call.

Unless otherwise described, items are in excellent condition. A few of the catalog photos may look very dark or light when printed - see the descriptions for accurate details. Excellent color glossies are available for any item.

Terms are cash or check upon confirmation of order. Budget payments of three monthly installments are allowed - please request this at the time of order. Shipping charges will be quoted when orders are placed, and items will be shipped upon receipt of payment. All items are guaranteed genuine and as described, and may be returned for a prompt refund if I have made an error.

393	Very large oil painting on canvas General John Geary at Gettysburg, 56x72 in frame 64x80. Large signature lower left "J M Boundy(?) Del 1867". Not certain of name since signature is somewhat stylized. Generally fine condition, has a small ½x1½" damage on extreme left edge (half of it is covered by frame), and the unpainted rim of the canvas has deteriorated where wrapped around the stretcher, so it has pulled away in places. This could be retacked under the edge of frame, or the entire painting could be relined/restretched for a few hundred dollars. This superb painting was done during Geary's term as Governor of Pennsylvania. NOTE: if the painting has to be shipped, it will be removed from the stretcher and rolled. The frame and stretcher cannot be shipped. If sold in the northeast (Ohio to Virginia), I can deliver with frame at mutual convenience. At any rate, if rolled and shipped it will be easier for me, so I will reduce the price by $300, which should cover the relining or restretching.	6750.
